

KIDS RACE RESULTS

This years Kids Race took place on a .75-mile trail on a hillside pasture overlooking the MTB race finish line and in full view of all spectators. Single track was not available this year due to “rain date” accommodations BUT this was no easy race. Kid competition was based on total fun, learning in an actual race setting (including start times, and finish scoring), and being good sports. This gang, spurred by a 6-yr-old girl, decided themselves to create “Expert” and ”Sport” classes based on laps. Now, how cool is THAT ?

DTS promises an even bigger and better event next year. Spread the word. With kids, it’s “the more, the merrier”.
